

TARSUS  
UNIVERSITY

FACULTY OF APPLIED SCIENCES

CUSTOMS MANAGEMENT

Dear Students,

In today's competitive global business world, our goal at the Department of Customs Management is to equip you with the skills and knowledge necessary to succeed. We have established a strong faculty and forged close ties with the business world to ensure that you receive the highest quality education and gain valuable insights from experienced executives and successful entrepreneurs.

To complement your theoretical learning, we offer you the opportunity to gain practical experience through internships in the private sector during the summer months. This will allow you to apply the knowledge you have gained in the classroom to real-world situations.

Upon graduation, our Customs Management alumni have the opportunity to pursue careers in both the private and public sectors. With the right qualifications, graduates can work in units affiliated with the Ministry of Trade, Customs Directorates, Customs Brokerage Firms, Free Zones, logistics and warehouse operations, as well as in national and international companies or their customs zones with titles such as Foreign Trade Specialist, Customs Officer, Customs Consultant, and Customs Inspector.

The curriculum of the Customs Management Department consists of both compulsory and elective courses. From the third year onwards, students are offered the opportunity to specialize in areas of interest such as airport management, maritime logistics, cargo management, rail transport, and digital marketing through elective courses. Throughout your four years of education, you will also gain the necessary skills to become an entrepreneur.

We invite you to join the Department of Customs Management at Tarsus University under the guidance of our expert faculty members to achieve your goals. Let's make your dreams a reality together.

Sincerely,

Professor Zeynep Hatunoğlu

Head of Department
