

TARSUS
UNIVERSITY

FACULTY OF HEALTH SCIENCES

NURSING

Dear Students,

In today's world, one's profession plays a pivotal role in shaping their life trajectory. Professional success hinges on continuous learning and adaptation, enabling individuals to navigate the ever-evolving global landscape and achieve their aspirations.

The advancements of our time and scientific progress have revolutionized various aspects of life, including the field of nursing. Nursing has embraced these transformations, evolving into a dynamic and innovative profession that employs modern techniques to provide high-quality care. In this context, the education that nurses receive plays a crucial role in ensuring the quality, efficiency, and effectiveness of their

practice.

By choosing the Department of Nursing at Tarsus University's Faculty of Health Sciences, you will embark on a rewarding journey towards becoming a highly sought-after nursing professional. Our graduates are prepared to excel in a wide range of healthcare settings, including hospitals, clinics, long-term care facilities, and public health institutions. Additionally, they can pursue careers in educational institutions, rehabilitation centers, the pharmaceutical industry, and more.

Beyond the professional accolades, our graduates experience the profound satisfaction of contributing to the improvement of human health. We invite you to join our Nursing Department and embark on a path to becoming a skilled and compassionate nurse, making a positive impact on the lives of individuals and communities.

Professor Duygu Sönmez Düzkaya

Head of Department
