ACCOUNTING AND TAX APPLICATIONS

Dear students,

Our Accounting and Tax Applications Program has been providing education at the associate degree level within Tarsus University Vocational School since 2002 and aims to help you reach the undergraduate level with vocational training. Our students have sufficient knowledge to meet the demands of applied accounting personnel needed by public and private organizations; With our current new generation curriculum, he is well versed in the fields of economics, finance, law, computer programs and auditing, has studied a foreign language, and can make the best use of the knowledge he has acquired in the field of accounting and tax as a result of the professional internship activity carried out in the workplace as well as the theoretical and practical

courses he has taken for two years. serve as professional employees.

Our graduates have professional values, are at a level to understand and undertake accounting responsibilities, and are aware of the ethical rules regarding accounting and tax concepts. In addition, if our graduates take the DGS exam conducted by ÖSYM, complete their undergraduate education and meet the necessary conditions, they can open a business in their own name as a Free Accountant and Financial Advisor.

On behalf of our academic staff, who are experts in their fields, have gained professional experience in the market, have the professional titles of Financial Advisor and Independent Auditor, are experienced, devoted, and adopt quality and student-oriented education as a principle, I would like to state that we will be pleased to see you, our student friends, among us. I believe that our graduates of the Accounting and Tax Applications Program will have a successful professional life, and I wish them success in their professional lives.
